+6 this cycle

A curious communicator who enjoys making ideas useful

Aarav shows a strong tendency to ask thoughtful questions, explain ideas clearly, and collaborate when a goal feels meaningful.

Aarav's next growth path

Three short missions to validate strengths through real activity.

1

Ask five better questions

Curiosity · 15 minutes

→

2

Build a water-saving model

Problem solving · 45 minutes

→

3

Explain it in 60 seconds

Communication · 20 minutes

→

For parents: Praise the process and questions—not the score.

Skill overview

How scoring works

Scores combine responses and completed missions. They are directional—not fixed labels.
